## BLOOMFIELD SENIOR HIGH SCHOOL BLOOMFIELD, NEW JERSEY

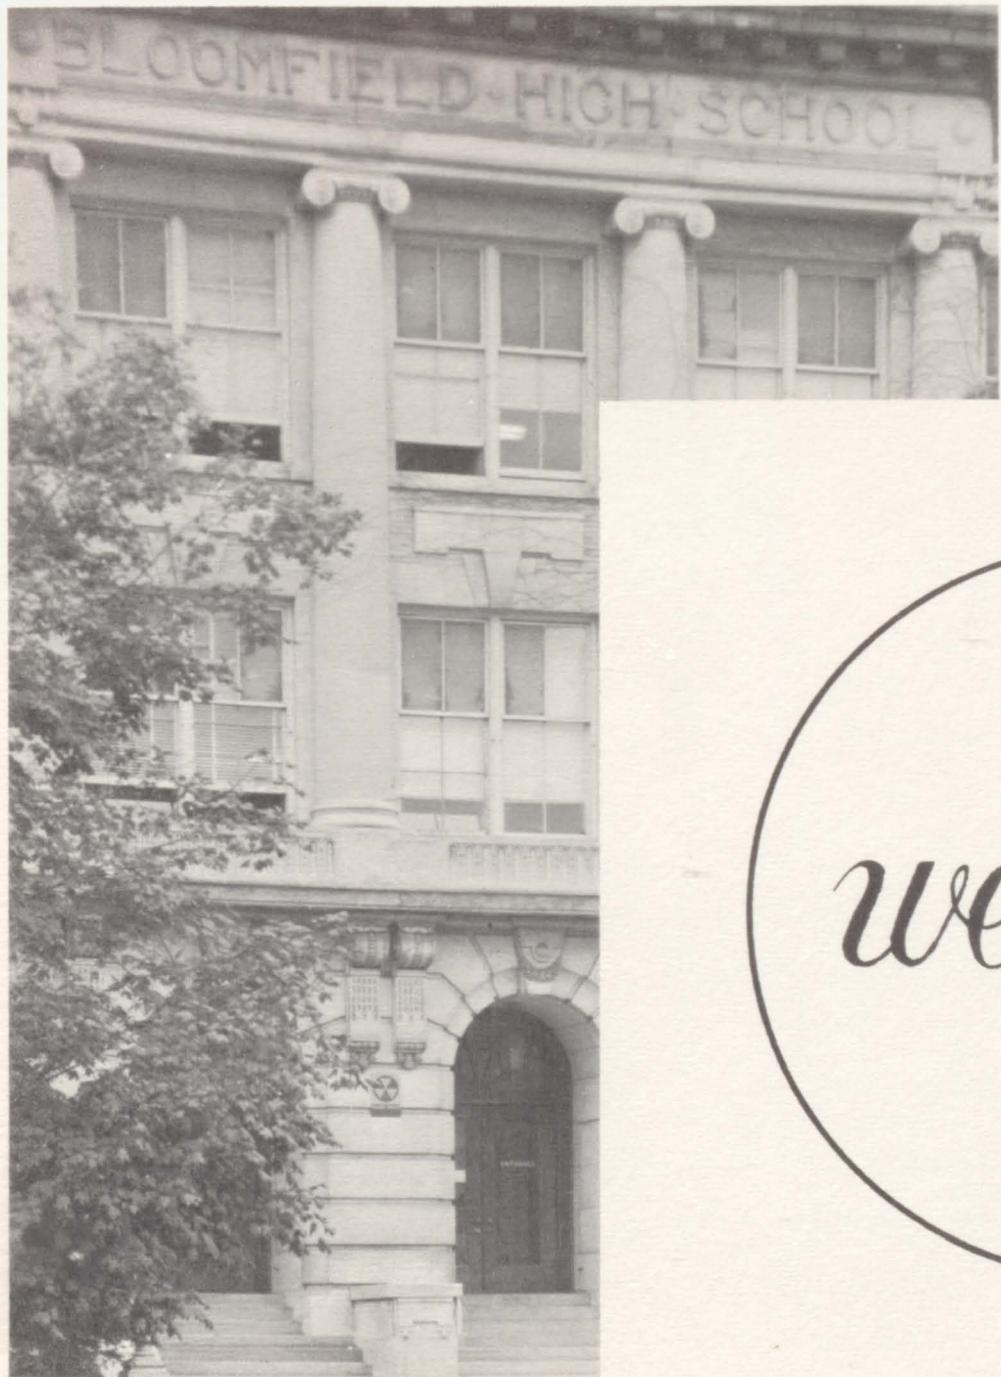

We, the Class of 1966, are nearing the end of our high school days. Yet, in the future, as we look back upon these three short but enriching years of our lives, what shall we remember? A multitude of people, places, and events too numerous to name but so much a part of us will flood our minds; for we are . . .

Thus, the purpose of *Memories 1966* is to capture some of the atmosphere and the people of the Bloomfield High School that we know. Our theme is simply "we are . . ."

To the Class of 1966

Your Memories is a record of the gay with the bitter, a recollection of the Saturday afternoon gaiety and the Monday morning cramming, and a preservation of many experiences of your high school days.

The record of your high school days is a block of time and experience that always will be a separate package of memory. This year, your Memories, is but a small part of all your pages of recollection. Yet, as you turn the pages of Memories year after year, as you will certainly do, you will at the same time turn the pages of memory's volume and enjoy again in retrospect the personal friendships and the teachers who gave you the new horizons. You will look again upon those memories that set your heart aglow for goodness, beauty, and truth. You will hear again the school bell and remember from your three years at Bloomfield Senior High School some personal triumphs and possibly some misgivings but all together merging into an unforgettable and invaluable portion of your past called "My Memories of BHS."

Sincerely yours,

HARRY M. RICE  
Principal

# DEDICATION

We, the Class of 1966, dedicate this book to Dr. Harry M. Rice, who has given so much of himself for us and for Bloomfield High School. As our principal, Dr. Rice has provided us with leadership, inspiration, guidance, and friendship throughout our three years here. His warm smile and sincere confidence were continually with us, as it has been with classes since 1931 and will be, we hope, with many classes to come.

Born in Pennsylvania, Dr. Rice received his master's degree from Columbia University and both his bachelor's degree and his honorary doctor of letters from Susquehanna University. He came to Bloomfield High in 1931 as a social science teacher, and six years later was promoted to the position of vice principal. In 1942, Dr. Rice became the principal of Bloomfield High School; however, he soon took a leave of absence in order to spend 33 months in the South Pacific as a U. S. Lieutenant Commander during World War II. Upon returning, Dr. Rice resumed his former post; today, he still serves the faculty and students of Bloomfield High School as principal, our principal. We salute you, Dr. Rice!

Dr. and Mrs. Harry M. Rice

## OUR COUNSELORS

MR. TIGHE

In Mr. Tighe the boys of the Class of 1966 have found a devoted and capable counselor who has also been a dedicated friend to us. His sincerity and patient efforts have played an essential role in shaping our future. At this time we would like to express thanks to Mr. Tighe for his work of the past three years.

MISS HUNT

The girls of the Class of 1966 wish to express their sincere gratitude to Miss Hunt who has provided us with the inspiration needed to solve our many challenging problems. Her patience and understanding have been with us from our entrance into senior high and have faithfully continued until our time of graduation.

The National Honor Society is an organization composed of juniors and seniors possessing the outstanding qualities of character, leadership, scholarship, and service. Those students in Bloomfield High School who have been selected for membership in the National Honor Society belong to the Delta Tau Chapter.

The "Parent's Newsletter" is a service of the National Honor Society to the school and community. The "Newsletter" Staff meets regularly to report school events and compile these reports into a bulletin which is circulated throughout the community.

Our Student Council is perhaps the most valuable organization of Bloomfield High School; in addition to encouraging good citizenship, school spirit, and student expression, the council forms a basic union between students, faculty, administration, and town. This year's council worked most effectively under the guidance of Mr. Eugene Fulton and the leadership of President George Malanga.

The Student Council sponsored many projects, for both constructive and "fun" purposes, throughout the school year. Perhaps best-remembered in the future will be the "Sadie Hawkins" Dance, the Variety Show, and of course, our foreign exchange student from Turkey, Nihal Tureyan.

# *Memories Staff . . . preserving the spirit*

The five staffs of *Memories* 1966, chosen by competition last spring, have worked most enthusiastically during eighth period and after school to produce a memorable yearbook. This year's *Memories* represents the final product of hours of thought, planning, and hard work.

The Editorial Staff, under the direction of editor-in-chief Beryl McCormick, was responsible for coordinating the five staffs and for deciding on the actual content and appearance of the book. The Literary Staff, headed by Linda Santandrea, worked hard to provide interesting write-ups and original headlines throughout. These were then typed up and readied for printing by Doreen Rosamilia's Typing Staff. The Art Staff, with Kathy Guerrini as editor, contributed its many talents to *Memories* by creating layouts, sketches, and lettering, and by choosing and cropping all pictures. Mary Dinwoodie's Auxiliary Staff, the yearbook's "jack-of-all-trades," performed a wide variety of tasks ranging from copying 192 layouts to writing original sports reviews. *Memories'* photographs were taken by the Photography Staff, headed by Jim Lyon; this staff also scheduled hundreds of team and club pictures, as well as tagged senior pictures. The final result of all these efforts? *Memories!*

The Senior Forum, sponsored by the History Department of Bloomfield High School, gives qualified seniors a chance to serve as members or moderator of a panel discussing topics of current interest. Participants are chosen by try-out; they later present their discussion to the student body and then conduct a question-and-answer period with the students. The discussion topic for this year's panel was "The Great Society."

# *principles of government*

Bloomfield High School is fortunate in having Girls' and Boys' State and the Citizenship programs. These programs send deserving students to Rutgers University and Douglass College for one week in June to learn about government and citizenship. Two Bloomfield American Legion Posts send several boys and girls to the annual convention in which students from all over New Jersey participate by running and organizing a small-scale election. The Bloomfield Women's Club and Junior Women's Club each send a girl to the Citizenship Institute also held annually; during the convention week, the girls learn how to be good citizens and also get a glimpse of college life.

The "Student Prints" gives interested students an opportunity to express their writing talent. Since the "Student Prints" includes both fact and fiction, it contains something for everyone.

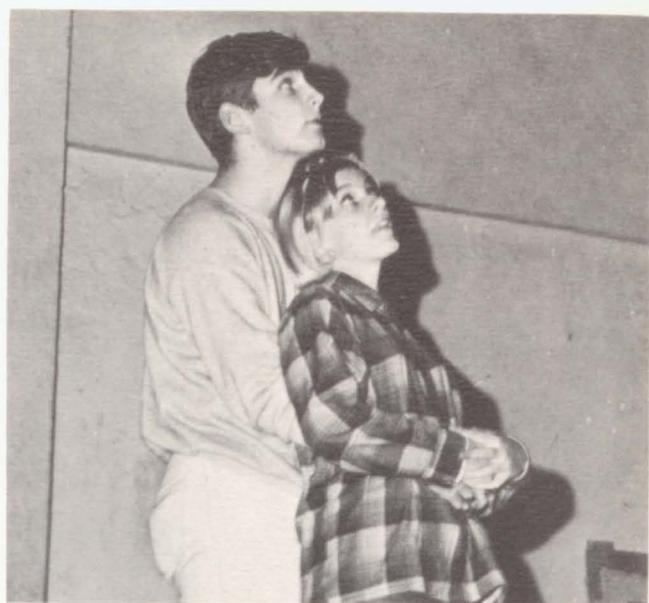

The reporters, under the direction of editor-in-chief Michael Book and faculty advisor Mr. Frank Leite, must be able to work under strain of pressure. In order to produce a single issue of the "Student Prints," each reporter must write his article and submit it to a proofreader. Then the art staff must perfect illustrations, and finally the issue is sent to press.

This year a subscription campaign has been organized to increase the sales of the "Student Prints." With increased subscriptions the "Student Prints" staff is able to provide a better and more enjoyable school paper.

Under the direction of Mrs. Dietrich, the cast of the All-School Production presented "The Diary of Anne Frank" on the evenings of December 4 and 5. The play adaptation of this moving story was enjoyed by large and appreciative audiences; the student body could well understand the feelings of Anne and Peter, as they were similar to those of a teenager today. The play also had historical value in that it showed the effects of World War II in a stimulating manner. The many hours of memorization and rehearsal by the cast of "Anne Frank" resulted in a most successful performance.

A source of enjoyment for many talented students at Bloomfield High School are the Fine Arts Clubs. Those students with an artistic ability may join the Art Club; there, they are given the opportunity to experiment with painting and drawing techniques not covered in the classroom. The Art Club also runs a poster service for the school and uses the proceeds to purchase paintings for the art gallery in the main lobby. The Musicians' Club is for students with vocal or instrumental talent. Members perform as soloists before the club at least twice a year; a trip to Lincoln Center takes place annually.

During school hours, students may also join the choir, band, or orchestra. And selected members of those groups may become members of the Madrigal Singers or the Serenaders. The Madrigal Singers consists of ten boys and ten girls; after hours of early-morning practice, this group, attired in bright scarlet blazers, performed at many school and community functions. The talented instrumentalists of the Serenaders, a jazz band, practiced after school on Mondays; their excellent music was heard by many organizations, and a performance at Rutgers University highlighted the year.

The diverse skills of the Service Clubs aid in the improvement of our environment. Their unselfish efforts add that certain special "touch" to Bloomfield High School. The Key Club and its counterpart, the Girl Reserves, devote endless hours serving school and community. Key Club activities include selling newspapers to the student body, beautifying the school grounds, and raising the flag each morning. The Girl Reserves teaches service to others by having its members raise funds for charities and hospitals as well as ushering at school and community gatherings.

The letter winners of the Varsity "B" Club give valuable service during the football and basketball games. These boys create better school relations by maintaining order during games, selling sports programs, and helping to welcome visiting teams. The efforts of the Projection Crew and Stage Crew, though never seen, also do much to benefit the school. The boys on the Projection Crew operate projectors for all classroom movies. The Stage Crew prepares the stage for assemblies and other school functions. By careful attention to scenery, lighting, and props, these boys help to present enjoyable programs.

The Junior Red Cross, another service organization, encourages aid to the underprivileged. Activities undertaken toward this goal include the presentation of Christmas cards and stockings to hospitalized children. The members of the Library Club donate much of their time to making our library neat, orderly, and efficient. They arrange books, advise, and check reading material in and out of the library. The talents of the Display Committee are among the most evident; by decorating the halls, bulletin boards, and showcases, this group advertises school activities and ornaments the building itself. "Drive right and live longer" is the motto of the DRALL Club. Under the direction of Mr. Bogusz and affiliated with the Bloomfield Police Department, the members learn safer driving habits.

Bloomfield High School has a great variety of career clubs covering the future plans of many students. By offering ideas and promoting interests in certain fields, these clubs enrich the lives of the students. Known under the general heading of "Future Clubs", these organizations all help to mold the student for his future occupation. The F.T.A. provides a vision into the world of education, especially through its practice-teach program in the elementary schools. For

those seeking a rewarding career in medicine, the F.N.A. and the Future Physicians Club give guidance and enlightening information. The F.B.L.A. prepares students for the business world after graduation; moreover, Junior Achievement and the D.E. program put business into the hands of B.H.S. students, encouraging the practical aspects of this career. And finally, the Future Engineers Club gives a glimpse of this career to its scientific-minded members.

## *Special Interest Clubs . . . broadening*

B.H.S. students are offered a variety of clubs suited to their special interests. These clubs encourage students to develop hobbies and skills.

The Home Economics Club teaches domestic skills to future homemakers. The Debate Squad, a relatively new organization, encourages its members to improve their public speaking voices and to learn the power of well-chosen words. Members of the Math Club experiment with numbers; they find these fascinating and learn to use mathematics for everyday application. The Biology Club attracts future scientists as well as students interested in the structure of living organisms. The club takes a step further than biology classes in offering a more intense study of life. Radio Club members also deepen their scientific interests by learning the mechanics of radios, sound waves, and electricity.

A counterpart of the Home Economics Club is the Chef's Club for boys. This group experiments with its culinary talents, proving that cooking is not necessarily a feminine art. The Transportation Club teaches the care and operation of motor vehicles to interested members and thus also promotes safety on the road. Tomorrow's history is the topic most often discussed by History Club members. They engage in heated debates over current events. Members of the Woodcrafters' Club use their whittling talents to create household items for useful and decorative purposes; science students, however, usually spend their time after school with the Chemistry Club, performing unusual experiments.

Language clubs are among the most popular in Bloomfield High School. These clubs include the French Club, Spanish Club, German Club, Latin Club, Italian Club and the Cosmopolitan Club; for each, the basic purpose is to give members a deeper and more meaningful understanding of a foreign culture than is received in the classroom. One of the many committees of the French Club, for example, is the Letter Writing Committee, which sends letters and Christmas gifts to a youngster in France each year. The Spanish Club is also composed of several hard-working committees; a unique feature of this club is its choral group which entertains members with Spanish tunes. The German Club members usually look forward to their annual trip to the Pennsylvania Dutch Country.

Each year, one of the main activities of the Latin Club is the initiation of new members. This year, the colorful ceremony took place after a Roman-style dinner. The Italian Club studies Italian culture with emphasis on cuisine; some of the most enjoyable meetings were the pizza parties. The Cosmopolitan Club, new this year to Bloomfield High School, is composed of members from all the other language clubs. Famous linguist Dr. Mario Pei is the patron of this club.

Throughout a hard and trying 1965 football season, the Bengal Tigers have illustrated the qualities of sportsmanship and team loyalty. The most thrilling game of the season was the annual Thanksgiving game against Montclair. For the first time in 20 years the Bengals led the Mounties in a very close contest, losing by only one point in the closing seconds of the game. Although plagued by injuries, which greatly hampered playing skill, the Bengals also performed well in their triumph over Nutley. This season was filled with disappointment and injuries, but the Bengals made a fine football effort at every game.

"Sugar 'n' spice and everything nice," plus plenty of hard work and devotion, make the B.H.S. cheering squad one of the best! During the year the squad learns and performs over fifty-five different cheers. This squad of fourteen girls, led by Arlene Heckel and sponsored by Miss Moon, truly adds spark, spirit, and splendor to our football games, basketball games, and rallies.

*Flagwaving Captain*

An integral part of the sports season at B.H.S. is the performance of our Flagwavers and Twirlers. The squads, consisting of nine Flagwavers and thirteen Twirlers, entertain the football audience at every game with original routines devised by each captain in accordance with the theme of the week. When not on the football field, they can be found performing at other school functions, and at the annual Memorial Day Parade. The Flagwavers, under the leadership of Captain Laura Lee Ellis, and the Twirlers, headed by Captain Linda Noble, are fine examples of scholarship, leadership and outstanding ability. Their presence definitely adds a touch of femininity to our varsity sports.

"1 . . . 2 . . . 3 . . . 4, mark time, march"—these are very familiar words to the thirty-two talented seniors of the Drill Team. Under the supervision of Miss Seton Lally and led by Captain Beryl McCormick, the team performed its precision-timed routine at football games, basketball games, and the annual gym demonstration.

The Bengel Band, Bloomfield's second marching organization, was seen at all the football games, the Memorial Day Parade, and its annual concert. The band, under the direction of Mr. William Workinger and led by Majorette Sally Dennison, consists of 80 members. They practice regularly during and after school, and also on Saturday morning. Always producing a fine show, the band's season was highlighted this year with music from "Mary Poppins."

The Color Guard, usually seen with the band, was captained this year by Beverly Martin. This group of four outstanding girls, two "flags" and two "guns", proudly carried our national and state flags at school and sports functions.

This year the Cross Country Team, under the capable direction of Coach Paul Williams, worked very hard to make its supporters proud. With the outstanding example set by Captain Dennis Malanga, the team completed its season with an 8 win, 7 loss record. The efforts of the team were revealed in its second placing in the County Meet. The boys ranked eighteenth in the State Meet and sixth in the Big Ten Conference.

A team to be proud of? You bet! Our 1965 soccer team, under the able coaching of Mr. F. James White and assistant Mr. Donald Williams, marched through a season of triumph after triumph, resulting in the best record ever attained at B.H.S. of fourteen wins, two loses and two ties. The two wins over Montclair, the 4-0 victory over Verona, whom Bloomfield had never beaten before, and the state tournament win over Fair Lawn highlighted the season for the boys. The team itself highlighted Bloomfield's fall athletic program, proving to be one of the best sports squads ever at B.H.S.

The 1965 baseball season came to a successful conclusion with a fine record of 12 wins and 11 losses. The team finished fifth in the Big Ten Conference with a record of 9 wins and 9 losses.

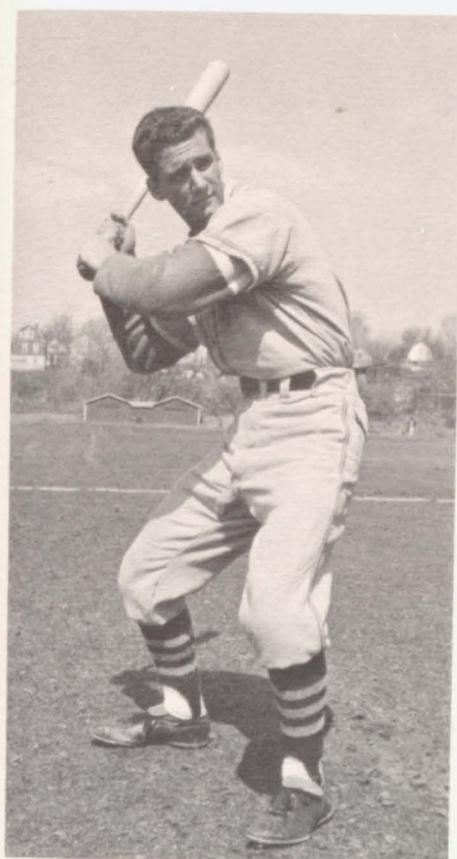

The highlights of the season were focused on two ballplayers, John Gillies and Joel Petrokonis. John, a left-handed pitcher, had a fine record of 9 wins and 3 losses. Joel, scouted by leading head scouts of major league baseball, finished out a highly successful season with a batting average of .333 and a fielding average at first base of .981.

The infield was second to none, executing 17 double plays for the season, a Bloomfield High School record. The conduct of the students and players at all games was typical of the fine sportsmanship that we have here in Bloomfield. The team is one to be proud of because of its hustle, spirit, and skill.

An integral part of Bloomfield High School's sport life is the tennis team. By participating in matches against other tennis clubs, our team has had the opportunity to display its skill and good sportsmanship. The two co-captains, Jim Kellet and Larry Bell, led the team to the state tournament at Princeton.

The 1965 golf team was the winner of the Big Ten Conference with a record of 13 wins and 0 losses. Upon winning the Big Ten title, the team successfully clasped the Essex County Tournament. As the county champions, our golfers became second place holders in the Northern District of the N.J.S.I.A.A. State Golf Tournament, ending the season as fourth in the state.

The 1966 Varsity Bowling Team placed first in the Interscholastic League, with a record of 10 wins and 2 losses. All league games were played at the Belleclaire Lanes in Montclair on Thursdays at 3:30 p.m.

This year there were two outstanding players, Dave Dillon and Bob Fiorito. Both of these boys were varsity letter winners as sophomores, and they will be returning next year for the 1967 team.

"Archery championships . . . gym exhibitions . . . military and precision drill teams!" These were the hallmarks which Miss Edith C. Russell gave to Bloomfield in over four decades of service. Character, Loyalty, Courage, Honesty, Respect, and Courtesy were but a few of the ideals which Miss Russell instilled in the minds of her girls. The success of Miss Russell's teams and classes was due to the respect and admiration of her girls and their confidence in her ability. For she had 'the heart to conceive, the understanding to direct, and the hand to execute.' As further proof of her own competence, Miss Russell was one of three women appointed an honorary member of both the Eastern Archery and the National Archery Associations.

"At the age of five, Miss Russell began her long and illustrious career in a private gymnasium in Bridgeport, Connecticut. At fourteen years of age, she gained teaching experience with Benita Slocum. She attended Sargent School and New Haven, now Arnold College, completing a three-year course in two years."—*Memories 1955*.

Miss Russell died on October 24, 1965. Soon after, the Bloomfield Board of Education proposed to dedicate Bloomfield High School's upper girls' gymnasium, long used by Miss Russell, to her memory. Thus, on November 17, 1965, this facility was renamed the "Edith C. Russell Gymnasium."

As each couple entered the ballroom, Mr. Tighe and Miss Hunt presented the girls with a gold charm commemorating the event. The tables were beautifully decorated with pink and white flower arrangements. Dancing began at 8 P.M. and the accompaniment was provided by Al Powers.

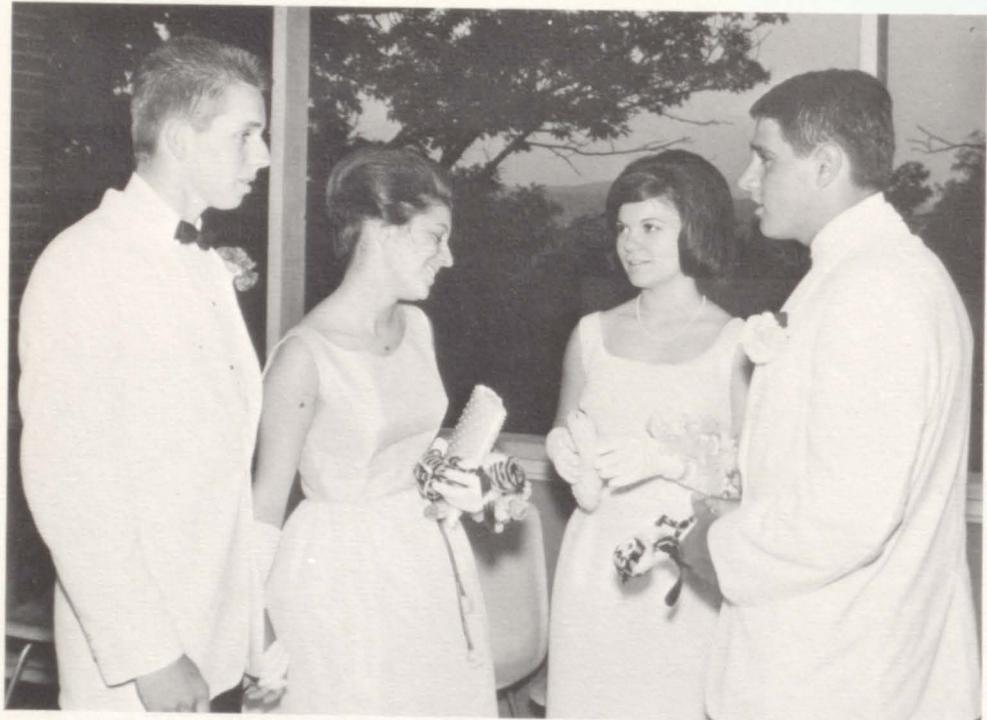

The annual Senior Dinner Dance took place on June 16, 1966, and was an unequalled success. The atmosphere of the Westmount Country Club added to the beauty and elegance of formal gowns and tuxedos. Delightful entertainment and a delicious dinner helped to make this event the most unforgettable event of our school years.

To the Class of 1966:

Last September, Memories 1966 was but a dream in the minds of the yearbook staff. Today, thanks to the effort of those forty seniors, Memories is a reality, one hundred and ninety-two pages of pictures and words capturing three years of life in Bloomfield Senior High School. Yet, Memories is more than paper or pictures or type; it is now the portal to your own memory of these past three years. For in future years, as you glance through the pages of Memories, you will once again find, in your own mind, that you are back in Bloomfield High. The open locker, the crowded stairway, the description of someone familiar—all will return you to the sights, sounds and experiences of life in B.H.S. Thus, through Memories, you and I and six hundred fellow seniors can and will relive what "we are..." now, as students of Bloomfield High School.

Yet, what will we be on that distant day when we must look back into time and Memories to recapture all that we now are? Memories holds our high school world; however, each of us, you and I, holds the fate of the future. So let us go forth and use our minds and our resources and ourselves to create a worthwhile tomorrow.

Happy memories!

Sincerely,

*Beryl McCormick*
